Silver Wedding Anniversary Observed

ST. ALBERT—On May 6 many friends of Mr. and Mrs. Jack Fuhr celebrated the couple's 25th wedding anniversary. The evening opened when over a hundred friends and relatives called at the farm home of Louisa and Jack. Refreshments were served. Many gifts were presented to them, among which was 25 silver dollars, given by the Fuhr side of the family.

This was followed by a dance at the St. Albert Community Hall. The head table at lunch was nicely decorated, with the three-tiered wedding cake with its 25th silver ornaments predominating. Mr. Robert Gibb acted as master of ceremonies. "Red" Fuhr, brother of the groom; Mr. Hux, brother of the bride, and Mr. Ted Sams, vice-president of the curling club, each said a few words on the occasion. Mr. Gibb then presented the happy couple with a purse.

Mr. and Mrs. Jack Fuhr moved to the St. Albert district from the Peace River country 13 years ago. Since their arrival they have taken an active interest in community affairs, particularly the farmers' locals, the Community League and the Curling Club.

St. Albert F.W.U.A. Holds April Meeting

The St. Albert F.W.U.A. April meeting was held on the evening of Tuesday, April 21.

Arrangements are being made for a showing of handcraft at the coming Provincial Convention under the sponsorship of Mrs. L. Powell.

Donations of \$500 are being sent to each of the following: Red Cross, Cancer Society, Canadian Association of Incurables. Roll call of the meeting was "A Penny a Year of your Birthdays" to be donated to the St. John's Ambulance. Plans were also discussed for the Farmers' Day Picnic of June 12.

Mrs. Powell gave a very interesting report of the F.W.U.A. Leadership Course at Oils. Mrs. Olive Harold conducted a "Hurry Session" similar to that which had been held at Oils Leadership Course with all members present taking part.

The St. Albert F.W.U.A. is proud to hear that Mrs. Olive Harold (a member of the St. Albert local) has been nominated to go as a delegate of the F.W.U.A. to the Conference of Associated Canadian Women of the World, to be held at Toronto August 12 to August 25. Some 800 delegates are expected to be present.

FIRST R.C.M.P. ARRIVES IN U.K. FOR CORONATION

Resplendent in his smart red tunic, Stetson hat, breeches, boots, holster and revolver, Sgt. Tom Horn is shown on his arrival in London for the Coronation. Sgt. Horn, a 17-year veteran with the R.C.M.P., is attached to the Calgary detachment.

LIONS PLAN BIG ANNUAL PICNIC AT SANDY LAKE, SUNDAY, MAY 24

MORINVILLE—What is described by the Lions Club as a "super-picnic" will be staged on Sunday, May 24, at Sandy Lake. It is expected that all Lions and most of the district residents will be there.

A fine program has been arranged and each Lion has been assigned a job to do, according to the following line-up:

Baseball: Johnny Stevens, Alan Mills.

Race: Walter Elliott, T. Logan, Gates, P. Hermantus, Knapp Elliott, Ed Vervynck, Herb Sundberg, Jim McDonald.

Hurricane: Ed Barle, George Soutter, Art Soutter.

Hot Dogs: W. Labonte, J. St. Laurent, Pete Gibeault, Tim McNeil.

Pop and Ice Cream: Bill Penneit, Paul Cote, Maurice Cote, Hymie Klein, Ray McDonald, Louis Chalifoux.

Milk Bottles: Eddie Weigand, Maurice Gausette, Bill Poir, Les Charron.

Crown & Anchor: Gerry Desnoyers, Doug Fraser, Nan Duzick, Ernie Meade.

Angus: Fred Martel, Buster St. Laurent, Mose Comeau, Joffe Kremer, Les Craig, Clem Laval.

Pool: Mottie Milner, Gerry St. Germain.

Parking: Ed Meunier, Don Johnston.

Due to Mottie Milner leaving Morinville, the Nominating Committee has elected Fred Martel to be second vice-president and Wilt Labonte to be third vice-president. Ed Barle will be director for a two-year term and Fred Sutte to replace Tommy Logan as director for a one-year term.

Altar Society To Exhibit 4-H Girls' Sewing

ST. ALBERT—On Thursday evening, approximately 12 members of the Altar Society met at the home of Mrs. Henry Benion. Plans were made to raffie a Coronation doll on June 2. Mrs. Claire Huenyville, leader of the 4-H Sewing Club, told of the coming Achievement Day to be held for all districts in Edmonton on May 30.

It was decided to hold an exhibition of the girls' work in St. Albert on Sunday, May 31. Tea will also be served on this occasion.

The next meeting will be held on June 4 at the home of Mrs. Brodeur.

4-H Club To Sponsor Float At Exhibition

ST. ALBERT—A float will be exhibited by the St. Albert, Kanan 4-H Club in the Edmonton Exhibition Parade.

Seven dollars will be donated to the "Children's Fund" by this club.

Achievement Day, which will be open to the public will be held from 10 to 11 a.m. This celebration will be held in Edmonton June 13.

M.D. MORINVILLE

REEVE OF MUNICIPAL DISTRICT JOHN SCHAFERS RE-APPOINTED

MORINVILLE—At the April 4th meeting of the Municipal Council here the Secretary-Treasurer read the Returning Officer's report to the council which was as follows:

I hereby declare Gustave Meunier (farmer), of the postal district of Morinville, elected by acclamation for Electoral Division No. 4 for a period of three years beginning April 3rd, 1953; the said acclamation being made in accordance with the Municipal District Act, at the nomination meeting held on February 21, 1953.

(Signed) WALTER ELLETT, Oath of Office was taken by Gustave Meunier before J. O. Patry, Commissioner for Oaths.

Nomination of Reeve

Nominations for the office of Reeve for the next year were called for by the secretary in accordance with Section 149, Paragraph (1) of the Municipal District Act, R.S.A. 1942, as amended to 1943.

Moved by Councillor Walker that John Schafers be nominated as Reeve. No other nominations having been received, Councillor Schafers was declared Reeve for the next ensuing year. Carried.

The Reeve, duly elected, made the prescribed Oath of Office before J. O. Patry, Commissioner for Oaths.

Swearing-in of Deputy-Reeve

Moved by Councillor Racine that Councillor Meunier be elected Deputy-Reeve for the next ensuing six months. Carried.

The Deputy-Reeve, duly elected, made the prescribed Oath of Office before J. O. Patry, Commissioner for Oaths.

Meeting of the Council

The Mayor now occupied the chair and declared the meeting of the Council open.

Auditors

Moved by Councillor Meunier that we appoint the firm of Patry, Duncan, McEwen, McEwen and Company, Chartered Accountants, as our Auditors for the year 1953.

BANKING RESOLUTIONS

Resolution re: Royal Bank and Signing Officers

Moved by Councillor Walker and seconded by Councillor Meunier that J. O. Patry, secretary-treasurer of the Municipal District of Morinville, No. 91, hereinafter called the "corporation", be and is hereby authorized for and on behalf of the corporation to negotiate with, deposit with, or transfer to the Royal Bank of Canada (but for the credit of the corporation's account only) all or any cheques and other orders for the payment of money, and for the said purpose to endorse the same or any of them on behalf of the corporation either in writing or by rubber stamp.

(2) That all cheques of the corporation be drawn in the name of the corporation and be signed on its behalf by John Schafers, Reeve or Gustave Meunier, Deputy-Reeve or either of them and countersigned by J. O. Patry, secretary-treasurer.

(3) That J. O. Patry, secretary-treasurer, be and is hereby authorized for and on behalf of the corporation from time to time to receive from the said bank a statement of the account of the corporation together with all relative vouchers and all unpaid bills rendered for collection by the corporation and all items returned unpaid and delivered to the said bank, the bank's form of verification, settlement of balance and release.

(4) That this resolution be communicated to the bank and remain in force until written notice to the contrary should have been given to the manager for the time being of the branch of the said bank at which the account of the corporation is kept, and receipt of such notice duly acknowledged in writing. Carried.

Resolution re: Treasury Branch and Signing Officers

Moved by Councillor Perrott and seconded by Councillor Racine, and resolved:

(1) That J. O. Patry, secretary-treasurer of the Municipal District of Morinville, No. 91, hereinafter referred to as the "corporate body", be and is hereby authorized for and on behalf of the corporate body to negotiate with, deposit with, or transfer to the Government of the Province of Alberta Treasury Branch, all or any orders, transfer vouchers and any other orders for the payment of money, and for the said purpose to endorse the same or any of them on behalf of the corporate body, either in writing or by rubber stamp.

(2) That all orders, transfer vouchers or cheques of the corporate body be drawn in the name of the corporate body and signed by John Schafers, Reeve or Gustave Meunier, Deputy-Reeve or either of them and countersigned by J. O. Patry, secretary-treasurer.

(3) That the usual receipts for orders, transfer vouchers or other papers of money returned and certificates of balance be signed on behalf of the corporate body by the said secretary-treasurer. Carried.

Monthly Meetings

Moved by Councillor Perrott that we hold our monthly meetings every second Thursday of the month beginning May 14, 1953. Carried.

Adjournment

Moved by Councillor Walker that we adjourn at 5:00 o'clock p.m. to reconvene on Thursday, April 16, 1953, at 10:00 o'clock a.m. Carried.

Scouts To Hold Bottle Clean-up

ST. ALBERT—The Group Committee which sponsors the Scouts and Cubs of St. Albert met in the library on Saturday evening. The boys will collect bottles on Saturday, May 23. All those persons who have bottles to donate please phone Mrs. Hector MacDonald or central, and the boys will collect them. Plans were made to send Scouts Raymond Pincus and Bradley Sumner to the Scout Jamboree in Ottawa this July. A "thank you" is extended to Constable Riley for his donation.

Independent stores did three quarters of all retail business in Canada in 1951; chain stores accounted for 15.5 per cent and department stores for 6.6 per cent.

NEW DRIVE-IN THEATRE OPENS ON ST. ALBERT TRAIL

NEW FACILITIES WILL RELIEVE PRESENT THEATRE CONGESTION

ST. ALBERT — With the announcement of the opening of the new St. Albert Drive-In Theatre, show-goers will raise a voice of approval, for this new theatre will do much to relieve the present overcrowding and queuing up at existing theatres.

For so many families, the present over taxed and over crowded theatres have made this popular form of entertainment difficult to enjoy. However, with the large capacity at the St. Albert Drive-In, large crowds can be adequately catered to, and with the well designed entrance and exits facilitate traffic handling to make for rapid maneuvering of cars, and speedier service.

Produces Less Coal

EDMONTON (C.P.)—Alberta produced 43,625 tons of coal in March, a drop of 318,254 tons from output in the same month last year, the mines department reported Tuesday.

Bituminous fields produced 268,181 tons, sub-bituminous fields 156,377.

Crow's Nest led bituminous fields with 143,968 tons, followed by Coalbrook with 47,716. Lethbridge reported outputs of 6,682 tons.

Sub-bituminous fields were topped by Drumheller with 44,679 tons, followed by Pembina with 29,422.

Canadians are the world's greatest telephone talkers, 278 telephone conversations per person in 1951.

False Promises Led To Crimes

EDMONTON — John A. Gough, an English immigrant who claimed false information given him by Canadian immigration authorities in Britain was partly responsible for him turning to crime, pleaded guilty Thursday to five break-in charges and was sentenced to one year.

Gough told the magistrate that before he left England about a year ago he was assured there would be a job and accommodation in Canada. He claimed this was not the case.

From 1929 to 1952 Canadian labour income rose from \$2,568 to \$10,568 million.

Drive-Ins Feature Many Advantages

ST. ALBERT—In keeping with other drive-in theatres which have proven so popular in recent years, the St. Albert Drive-In will offer several advantages which appeal to patrons.

Many like the privacy of their own car, where they are at liberty to eat, smoke, or chat without interfering with other patrons.

Many like to take along their children to see a picture, and when sleep overtakes the youngsters they can sleep in the rear seat.

There are those busy people who would take in a show but abhor having to "dress up" and the Drive-In provides the solution.

In summer weather, patrons can enjoy the picture in the fresh air of the out-of-doors rather than in the dark and somewhat stuffy atmosphere of a conventional theatre.

One exceptional advantage—and a boon to hard of hearing patrons is provided by the individually controlled speakers which permit a completely adjustable volume of sound.

All of these features are incorporated in the St. Albert Drive-In theatre—all of these features will go to make this new entertainment centre a popular place in the months and summers to come.

Large Capacity, Modern Facilities Feature District's Finest Drive-In

ST. ALBERT—Designed to hold five hundred and sixty-five cars, and to provide clear vision of the screen from every position, the new St. Albert Drive-In Theatre will be a boon to residents of North Edmonton, St. Albert, Legal, Morinville, and all the surrounding districts when it opens for its first time, Friday evening.

New speakers of the most up-to-date design and, incidentally, with the theatre's name inscribed, provide the audience with the clearest and best in sound reception. Couple these new style speakers with one of the largest screens in the province, the largest screen in the Edmonton area, and audiences have one of the best centres of entertainment there is.

Situated as it is, wholly surrounded by trees, the audience gets the impression of being in an auditorium. Another feature of the trees they serve to isolate the area, eliminating road noises, passing lights, and other distractions so common to many Drive-ins.

The management has had "mosquito patrols" out for some time to eliminate any possibility of the little pests proving a problem.

The approaches and exits to the theatre have been well engineered to make traffic handling easy for the attendants and most important, for the drivers.

The concession booth is house-

ed in a completely modern building, which has been erected with a log cabin finish which gives a smart rustic appearance. Inside, a complete line of refreshments for even the most discriminating of tastes. Rest rooms are wholly modern, neat and clean in appearance and design.

Plans call for a children's playground, complete with all the contrivances which make up such an area. This playground is at present under construction and will be finished within a week.

For those who have no car, seating accommodation at the theatre has been provided.

The St. Albert Drive-In Theatre is managed and operated by a skilled staff. Headed by Mr. W. Swane, who has operated Drive-In theatres at several centres in Alberta and Saskatchewan, and who has had a wealth of experience in the theatre business, the management promises patrons a fine run of entertaining pictures and the best service customers can wish for.

Oil Equipment To Be Licensed

EDMONTON — Mobile oil equipment is to be licensed by the Provincial Government, instead of the present system of personal property tax as is presently levied.

It was reported by Municipal Affairs Minister C. E. Jorhart, that the license fee would be equal to five per cent of the current market price of the equipment. Municipal-

Hauptmann, of St. Albert, is well known in the district and is pleased to offer patrons every assistance he can to make their entertainment enjoyable.

Handling the controls will be Mr. Hans Hausmann, a licensed projectionist, who has had several years of operating experience and training behind him.

These three men form the nucleus of a willing staff whose every desire is to see that you are satisfied—that you'll be more than satisfied, but rather, enthusiastic.

ities would receive the money from the government on the basis of the number of days the equipment was at work within the municipality. The system of license fees would cost the companies approximately times the same amount as they have been paying under the personal property tax levy. Under the taxing system, companies could avoid paying the tax by moving the equipment from one M.D. to another at strategic times.

A message of goodwill and success goes out to the town of St. Albert on the completion of the

M. D. MORINVILLE

Heavy Agenda Completed By Mun. Council At April Meetings

MORINVILLE — A wide variety of matters called for the attention of the Morinville Municipal Council and it took several days to complete the agenda. After sitting for two days, and adjourning, the April meeting of the Council reconvened on April 6, 1953 at 10:00 o'clock a.m. with all Councillors present.

The meeting was declared open by Reeve Schafers. Present: Councillors Walker, Perrott, Meunier and Racine.

Presentation Of Accounts

Accounts were now presented to Council for their approval of same and the passing of same for payment.

Sturgeon School Division No. 24

Request for advance on requisition was now read to Council.

Moved by Councillor Meunier that we advance the above mentioned \$20,000 on the second quarterly installment of their School Requisition which will become due and payable June 15, 1953.

Fir Planting

E. Ricard now called on the Council in regards to the above. Prices quoted P.O.B. Morinville were \$87.50 for over 14 foot plankling and \$83.50 for 14 foot and shorter plankling.

Moved by Councillor Racine that we order a carload of this fir plankling from E. Ricard at the prices quoted P.O.B. Morinville.

How many Canadians keep warm with oil?

More than 4 millions. Oil is used in the furnaces or heaters of more than a million Canadian homes—better than one in four.

Oil plays a large and growing part in our everyday living. How many of these questions about it can you answer?

How does Canada rank among the nations in known oil reserves—

1st? 17th? 21st?

How many barrels of oil (15 gallons to a barrel) do you think Canadians use in a year—

2 millions? 165 millions? 300 millions?

When the Leduc field was discovered, the wholesale price of gasoline at Edmonton was the highest of any major Canadian city. Today it is—

even higher? lower? about the same?

Energy produced at Niagara Falls each day is equal to that in 9,000 barrels of crude oil. Prairie oil fields now produce energy equal to how many "Niagara's"—

2? 10? 18?

Taxes take a big part of a company's income. How would you say Imperial's 1952 tax bill compared with its dividends? Was it—

greater? less? about the same?

Far down the list a few years ago, Canada now ranks eighth. Except for a group of Middle East countries—Iran, Iraq, Kuwait and Saudi Arabia—only the U.S., Venezuela and Russia have larger reserves.

Last year 165 million barrels—about one gallon for every man, woman and child, Canada uses twice as much oil as it did six years ago.

Edmonton's wholesale gasoline price is now the lowest in Canada, 10% below the average for other leading cities. The new discoveries mean price savings of millions of dollars each year to the people of Alberta.

The energy of the oil produced in the western oil fields each day is about 18 times that generated at Niagara.

Taxes were \$55 millions, about 2½ times dividends to shareholders. For each dollar of income, Imperial paid 10¢ in taxes and 4¢ in dividends. Tax figures do not include gasoline sales tax, paid at the pump.

Must Raise Standards Of Indian to Fight TB

EDMONTON (BUP) - Tuberculosis among Indians will never be eradicated until the economic standard of the Indians is raised, according to Dr. M. Maize of the Charles Cammell Indian Hospital in Edmonton.

He says the hospital alone spends \$1,250,000 each year to treat patients from the Montana border to the shores of the Arctic.

In the last two years, the incidence of trachoma has been reduced while in 1935 of Alberta's Indians died of tuberculosis, compared with 96 in 1947, the doctor reported.

Grain Strike Over

The grain handlers' strike at the Pacific Coast is over but Alberta farmers, whose grain production it is that gives these workers a job, have a right to be pretty indignant about the whole affair.

From February 16 until May 7—nearly three whole months—250 striking workmen at the grain terminal elevators at Vancouver and New Westminster held up 400 railway employees and 100,000 Alberta farmers. It seems incredible that the grain producer, after surviving threats of drought, frost, grasshoppers, hail, rust and other hazards to his crop has also to worry about small delivery quotas that make it impossible for him to sell any but a fraction of his product when it is ready for delivery. To add insult to injury, 250 laborers at the west coast are able to delay by twelve more weeks the day the Alberta farmer can look for an increase in his delivery quota.

What did the workers get out of this? Just 7½¢ per hour or \$3.00 per week more than they were getting previously. The question might well be asked, isn't there a better way of getting a pay hike for 250 west coast workers than by holding up 100,000 Alberta farmers for 3 months?

Well, at least the strike is over. Now perhaps Alberta farmers will be able to deliver a few more additional bushels and get a few more much-needed dollars with which to finance spring seeding programs now underway.

Let's Celebrate

Tuesday, June 2 is Coronation Day and a day of rejoicing for the whole British Commonwealth. It is a time when every community, including our own, can cut loose a bit and put on a local display that will complement the big event taking place in England.

This is the happy occasion when the heart of Empire will be putting on the biggest show of a generation. A new Queen will be crowned and for the event thousands from all parts of the Commonwealth and many other countries are journeying to see the parade and spectacle.

We can't all go to London, but we can celebrate here. Let's all get together and put on a program here that will be a fitting part in the over-all celebration of crowning a new Queen. Civic and school officials, clubs, church groups and individuals can all contribute to a gala day, come June 2.

Our Air Defences

In case of an air attack by an enemy such as Russia, Edmonton and in fact all of Alberta is going to be mighty dependent on the Canadian Air Force. We are therefore very much interested in the statement of a retired Air Force Officer, Richard H. Rohmer, that Canada had no modern aircraft for home defence, but that all our crack fighter planes are going to Europe.

Defence Minister Claxton, when asked in Parliament to comment on Rohmer's statement, disclosed that Canada is producing, equipping and manning the finest fighter planes in the world. Forty squadrons are planned, 31 of which are already operating. We also have squadrons operating in Korea and are either sending or have sent nine squadrons to Europe. The best place to defend Canada and prevent aggression is as far away from Canada as possible.

Our Radar Stations in the North are the very latest and are operating around the clock.

Under the Joint Defence Agreement with the United States, any nation attacking us would have the U.S. Air Force, as well as our own, to contend with.

It goes to show that men in the Armed Services know little or nothing about the overall picture.

Interpreting The Law

By MONOC

Recently, the attorney-general, the Honorable Lucien Maynard stated in the house, "The interpretation of the law always has been and continues to be the responsibility of the courts." This is the situation in Canada and the one usually held by legislatures, courts, lawyers and people. It means that if a law is ambiguous or poorly worded, the courts decide what it means. In effect then, the courts make the law, at least to the extent to which they interpret it, thus taking over the function of legislatures.

This has been the custom and since someone must do it, the courts must do so until legislatures change the situation. Considerable criticism should be directed at the legislatures; none, at all, at the courts.

If a law is not clear in its meaning, wording, intent, etc., the legislative body that has enacted it should make it clear. Mr. Maynard apparently agrees with this to a considerable extent, as he has asked that the law with regard to binges be clarified by the Dominion government. In similar vein the provincial government passed the Sand and Gravel Act to clarify the question of surface rights and mineral rights.

A few years ago, there was a case in the city hinging on whether stores could sell nuts on Sunday and this depended on whether confectionery that a test case would be brought before the courts so that they would decide this point. It seems rather unsatisfactory to bring a citizen into court on a charge even though a very minor one, to find out what the law meant. Moreover, how can a magistrate decide what the parliament had in mind, when it very evidently hadn't considered the point at all?

Many people think the courts are above the government, instead of realizing that the courts are only exact as an instrument for carrying out the enactments of the government; they are an important part of the civil service just as is the post office, the customs officials, the teachers, etc. One individual even said some years ago, "The Alberta government should stop fighting the courts," not realizing that the courts were one branch of the civil service strictly subsidiary to the government, but not directly interfered with by these superior bodies. In many countries, the courts would not be allowed to interpret the law.

Let us by all means have laws that are clear and if not clear let us send them back to the body that made them, to clarify them. The function of the courts should be to apply the law to specific cases where the law is clear, not to interpret the law.

Farm Prices

(Lethbridge Herald)

Some people see red when they read that money from the Ottawa treasury is used for agricultural price supports. In the fiscal year just ended, a year which was marked by a grave disturbance in Canada's two billion dollar livestock economy, there were \$86.7 million spent for farm price supports. Away with all that stuff is the demand in some quarters.

Well, while Canada is trying to keep the boat trimmed so that agriculture wouldn't take a nose-dive and carry the rest of the economy along with it, the United States budget for the year beginning July 1 next, was placed before Congress.

It provided for almost \$2 billions for agricultural programs, including \$729 millions for farm price supports, \$234 millions for conservation payments and \$239 millions in aid of rural electrification and rural telephones.

Men Of Valor

A deaf man composed the world's noblest music. Twenty-five years after Beethoven had totally lost his hearing, he produced the immortal Ninth Symphony, one of the supreme achievements of human genius. Success was not handed to him on a platter. His father was a drunkard, his mother died early, he was cursed with a terrible temper, he worried constantly about money. But his insuperable music will enrich all the generations yet to be born.

Voice of the People

A LIFE FOR A LIFE

In your editorial, "A Voice Against Hanging,"

Why should citizens feel relieved when a murderer escapes the death penalty, the due reward of his deeds? Every criminal is entitled to justice and a fair trial and if found guilty should have to pay for his crime. In taking another's life he has forfeited the right to his own! This is a law of God, given first to Moses.

Deut. Chapter 17, Verse 6, "At the mouth of two witnesses or three witnesses, shall he that is worthy of death be put to death," and Chapter 19, Verses 11 - 12, "But if any man hate his neighbor and lie in wait for him and rise up against him and smite him mortally that he die and fleeth into one of these cities (12) Then the elders of his city shall send and fetch him and deliver him into the hands of the avenger of blood that he may die."

In verses preceding these, it says where blood is shed innocently or accidentally life is not deemed in exchange for the life lost.

No, I am not a crank Nor am I pious or self-righteous. I do believe in the Bible and that we should try to follow God's word. God's laws are just, not savage. But it is definitely savage when a person deliberately kills another! Why should the guilty ones be spared? Even in mercy killings God has not given man the right to say when another should die.

How often has a real criminal been committed to life imprisonment, only to be released long before his sentence was served because he was on good behavior? On what else could he be while in prison? And why should he be given a chance when he has not given the person he killed a chance? Is this justice? I'll grant that some become criminals because of faulty training or environment. But that doesn't give them excuse or the right to take the lives of others! If the guilty are not punished according to their crime, then society will not be safe.

It is true that capital punishment has not stopped many from becoming real criminals. But I am sure it is instrumental in stopping a good many from committing crime, because facing consequences of having to pay by giving up your life is cause enough to make many reconsider and go straight.

I would not want to see them punished but everyone must pay

for his or her actions. One can not do deliberate wrong and expect to be condoned or respected. This is contrary to God's law, capital punishment is necessary for the safety of mankind.

Deut. Chapter 19, Verse 21, "And blue eyes shall not pity, but life shall go for life, eye for eye, hand for hand, foot for foot."

This, too, God gave to Moses. Who is man that he should question God's law?

CITES OTHER REASONS

A recent Victoria complained about the British royal family highlighting the foolishness of Windsor because she is a divorcee, and divorce is not recognized by the Church of England. That is not so. Henry VIII, founder of the Church of England, was divorced numerous times. Their treatment of the Duchess springs from the fact that she is a commoner, even worse in the eyes of the British than being a divorcee.

LETTERS TO LOUISA

Dear Louisa, your age to go with boys nearer your own age than with an older man.

There are three of us girls who run around together, but the third one seems to have a little different idea about school life than we do. First of all, she likes us better when we have money than when we don't and when she borrows, we say just as well say goodbye to the money.

Second, she runs around with bad company when she is not with us and won't have anything to say to us when she is with them. She is very boy-crazy which makes us feel funny and we would like to know how to get rid of her without making her mad.

Thank you very much. Troubled.

Answer: This girl you write about seems to be one of those fair-weather friends, who is only using you as a convenience when she hasn't her other, more sophisticated friends to go with.

While you do not care to have a quarrel with her, I think you could start making plans ahead and leave her out of them. If she wishes to know why you haven't bothered her, tell her tactfully that she seems to like a gayer crowd than you two do and that you feel sure that she will enjoy going with them more than with you.

If she hasn't paid back the money she has borrowed in the past, the next time she asks for a loan, simply tell her that you haven't any to spare as you need it all for other things. If she resents this, it will just be too bad, but you certainly will be better off without her companionship than with it unless she changes her ways.

Answer: It is much better for a girl of your age to go with boys nearer your own age than with an older man. Teenagers are often positive that they are in love with some man when they are really in love with love. Any man who pays them marked attention or happens to attract them at that stage becomes an object of their adoration. If they get over it before they make the mistake of getting married, they sometimes wonder what they ever saw in these particular people.

You are at the age when you should be allowed to go to school parties and have the crowd at your home sometimes. But it will be much wiser to go with boys not too much older.

Talk this over with your Daddy and see if he doesn't agree with this.

Louisa.

Aims At Wife, Driver Fined

WHITBY, Ont. (CP)—Gordon O'Neil of Danforth, was fined \$10 for careless driving after police testified they found him zig-zagging across Highway No. 2 trying to knock down his wife with his car.

There was some provocation, Chief Constable Lockhart Trinnell admitted. "Mrs. O'Neil had just heaved two lemon pies at her husband, and his face and car were covered with the money filling."

Delegation

A delegation consisting of Section H, Bault, A. Pitt and A. Mills now called on the Council regarding the high grading of the road from the N.E. corner of Section 22-56-27-W4 north to the base line. Part of this road is a school bus route and is impassable at this time of the year. Letter as received from M. Komar was also read to the Council concerning a certain portion of the road in question. They were advised by the Council that the matter is being noted and that as soon as the road building program was taken into by the Council with the District Engineer, they would be advised as to when the Council will be able to build the road in question. Roads of this nature exist throughout the Municipality and it is impossible to build them all in any one year.

Damages Claim Re Accident

Charles Perrott now called on the Council regarding accident in which he was involved. Letter as received from the Municipal Solicitor and Insurance Agent was read to Mr. Perrott and he was advised that it would be in order for him to call on the Municipal Insurance Agent in this regard. Bill of damages as claimed was given Mr. Perrott.

Employees' Holidays

Moved by Councillor Perrott that the office employees having worked one year or more be allowed two weeks' holiday with pay. The period and time of holidays to be left to the discretion of the Secretary-Treasurer and all other employees have the same in accordance with the Board of Industrial Relations Holiday With Pay Order No. 5 (1949). One Dollar a Day Hospitalization

The matter of hospital cases, where ratepayers enter hospitals, other than what the municipality have agreements with, was brought before Council. The Council have agreements with the following hospitals where it is possible to obtain one dollar a day hospitalization: Immaculate Hospital, Westlock, Alberta; Misericordia Hospital, Edmonton, Alberta; General Hospital, Edmonton, Alberta; Royal Alexandra Hospital, Edmonton, Alberta; University of Alberta Hospital, Edmonton, Alberta.

The Council felt that these hospitals are adequately located to serve all its ratepayers and hospital contract holders.

Moved by Councillor Racine that we do not accept patients in hospitals other than the above mentioned with whom we now hold hospitalization agreements.

Municipal District Act Carried

The Municipal District Act as amended at the last session of the Legislature and as assented to April 2, 1953, was now read to the Council. The following Sections have been amended in the Act: Sections 97, 99, 100, 105, 191, 200, 219, 227, 232, 266, 279, 289 and 293. Discussion on Section 279 was taken by the Council as the allotments for public work expenditures shall no longer be made on an electoral division basis but shall be made on the basis of the Municipal District as a single unit. All accounting records on divisional basis including under the Municipal District over expenditures shall be cancelled from the records and accounting on this basis shall be discontinued entirely. Section 266, which was a section whereby the Council of a hamlet situated within a Municipal District could petition for 60% of the estimated taxes to be collected for Municipal purposes to be expended on public works within the hamlet is repealed in its entirety.

These amendments were ordered filed by the Council.

Municipal Tools

Discussion by the Council on Municipal tools. When the machinery was now gone into by the Council as the District has several hundred of dollars invested in tools and more are being bought every month. It also appeared that some machines have complete sets of tools and others have few or hardly any at all. The Council are of the opinion that stock should be taken of all tools and parts on hand by the Municipal road foreman and that the Council should allocate to each machine the tools necessary only for the operation of the machine and that a list be made of the tools and the respective operator be made responsible for the tools in his possession. All tools should then be kept by the foreman, who in case of a breakdown or repair job would have the tools with him when called to any machine in the district. This matter is to be taken up further with the road foreman and a plan devised whereby this matter may be arranged to the Council's satisfaction as the matter at present was not satisfactory. Council adjourned at 6:20 o'clock p.m. to re-convene at 10:00 o'clock a.m.

April 17th, 1953

Meeting was declared open at 10:00 o'clock a.m. by the Reeve with all councillors present.

Public Works

Nap. Donzick, road foreman, now called on the Council and all operator applications were gone into by the Council and the road foreman. Sixteen applications, as listed, were presented to the Council. The Council advised the foreman to approach and hire the following if possible as soon as he sees fit to begin work on road construction: Steve Donzick, Roger Housman, Fredrick Larose, Al. W. Housman, Earl Logan, Felix Messier and Frank Kolesar. He is to repair equipment including

all equipment and all equipment is to be assembled as soon as work is to begin. Should some of the men on list not be available, he is to call at the office and contact other applicants. He is given authority to hire and fire as he sees fit of all Public Works employees.

Moved by Councillor Racine that we pay our foreman at the rate of \$325.00 per month and that we allow him 15c per mile for his 1-ton IHC truck when used as required for Municipal purposes. Carried.

Fire Guardians

Moved by Councillor Meunier that all the members of the Council, including the Field Supervisor and the Secretary-Treasurer be appointed as Fire Guardians.

Rate of Pay For Councillors

W. W. Watson, from the above, now called on the Council and advised that equipment purchased has now been delivered as agreed. He was advised by the Council to forward Bill of Sale and Invoice on same and this would be paid forthwith.

Alberta Association of Municipal Districts

Letter dated April 15 was read to Council regarding the Co-operative Trading Division. List on 2-4-D tire and tubes, batteries and anti-freeze was also read to Council.

Moved by Reeve Schafers that we again handle 2-4-D during the year as a service to the ratepayers. Carried.

Sundance Mines Ltd.

P. Cote and G. Desnoyers now called on the Council regarding road construction contracts which may be available in the District for the coming road building season. They were advised to date the Government warrants were not as yet known and the Council were to know what equipment would

not in a position just at this time have to be hired, if any. However, they were advised that should the district require equipment on rental basis, the Council would contact them as soon as the Council's position was made clear.

Council adjourned for lunch at 12:30 o'clock p.m. Council re-assembled at 1:30 o'clock p.m.

Tractor and Equipment

B. Chudyk, representative from the above, now called on the Council regarding order on patrol and tractors. He was advised by the Council that as his company could not meet the Council's price on trade-in equipment, the Council had dealt with Ferguson (Alberta) Supply Ltd. and had purchased a tractor from the above. The Council also spoke regarding repair account and road letter received from the company in this regard. He was advised that while he himself had done all possible, the Council did not approve of the Council's attitude towards the repair job, costing \$159.64.

Edmonton District Planning Commission

The following letter received from the above was now read to Council: Minutes of the meetings of the Commission held on March 14th and April 1st, also correspondence of April 14th and 16th. Payment of district share in the sum of \$850, was approved by the Council in accordance with the Commission's budget.

Moved by Councillor Perrott that we advise the Commission that we are not in favor of appointing any further Technicians to the Commission staff. In regards to Agriculture, the district is now adequately served by the Agricultural Service Board and the Department of Agriculture through their District Agriculturalist and the Departmental staff. Carried.

Road Between River Lot 51 and 52

Letter dated April 20, 1953 was now read to the Council as received from Gwen Investments Limited.

Moved by Reeve Schafers that we make the necessary arrangements to have this road surveyed and changed and that the Surveyor be requested to have same approved by the Director of Surveys and also have it registered. Carried.

River Lots 12-14, 16, and 18, Sec. 25-54-W4

The above land, owned by Cunningham Bros. was brought up before the Council by the Field Supervisor for their attention. Works to be done have been invited to appear before the Board and Council, they have called to do so.

Moved by Reeve Schafers that this case be taken up with the Department by our Field Supervisor as to the work done to date by the District, and that the land be placed under the control of the Service Board in accordance with the Act, as soon as found feasible. Carried.

Agricultural Service Board

Minutes of the meeting held on April 9th, 1953 were now read to the Council.

Moved by Councillor Walker that we approve the minutes. Carried.

INITIAL \$1.50 PRICE ANNOUNCED BY TRADE MINISTER HOWE

Ottawa Sets Basic \$1.40 Per Bushel For No. 1 Northern Effective July 31

OTTAWA—Trade Minister C. D. Howe has announced an initial price of \$1.40 per bushel for No. 1 Northern wheat for the crop year starting July 31. Quality wheat is unchanged from the 1952-53 crop year, but Howe announced that a special initial price of \$1.50 per bushel would be paid during the coming crop year for durum wheat to encourage production of this type.

Amount Unchanged

Last year western farmers received the same initial price for durum they got for No. 1 Northern. Howe told the Commons it may be possible to increase the \$1.40 price for Northern and the \$1.50 price for durum before the end of July. By that time he said, the government would have a better idea of conditions for the coming year.

The initial price of oats next year would be 65 cents per bushel, and barley 96 cents, Howe said. These were the initial prices for the current crop year.

The trade minister said he did not support the views of some opposition members that the wheat initial price would fall because of world wheat surpluses.

"The wheat surplus in the world is held in strong hands, in fact it is held by governments, and I am perfectly satisfied that the governments which hold those surpluses today are not going to sell them at fire sale prices," he told Commons.

Howe said on these grounds he had no hesitation in announcing an initial price.

The trade minister said there was no reason why initial prices for barley should be increased. He pointed out, however, that Canada still has a substantial barley surplus.

"The worst that can happen with oats is that we may have to ration deliveries in step with sales," he said. "The crop of oats last year was tremendous but the market was not particularly brisk."

Dogs Die, Missionary Pulls Sled 200 Miles

EDMONTON — A 22-year-old Irishman missionary told Police he had to pull a heavy sled 200 miles over the frozen Arctic rivers after six of his 11 sled dogs died from distemper.

John Sperry, an Englishman stationed at Coppermine, 1,800 miles northwest of Edmonton, told in an interview how the distemper on the Victoria Island barriers left him and an Eskimo companion to pull their 22-foot sleigh 200 miles to the nearest settlement.

"The missionary has been at the Coppermine mission for three years. He made his first trip 'out west' because of an emergency. His wife became ill and was taken to Edmonton for treatment and Mr. Sperry will leave for the north again in about two weeks."

Distemper broke out while he was travelling with an Eskimo boy in the northernmost settlement of an parish, Minto Inlet, on Victoria Island about 300 miles sledging distance from Coppermine.

"We had gone about 200 miles from home when the dogs took sick," he said. "They dropped off one by one, until there were only five left. We didn't want to turn back, so we had to put the sleds ourselves and head for Holman Island."

Holman is about 200 miles farther north, and the first settlement on their route. When they arrived there, they obtained another dog. At other stops along the route, they picked up more dogs and had a full team for the return journey. Fully loaded, the sleigh weighed about 1,200 pounds, but Mr. Sperry and his Eskimo companion pulled it

Explains Higher Cost Of Canadian Cars

OTTAWA—Don Brown (L. Essex West), today explained to the Commons why a Canadian-built car is more expensive than an American one of the same make. Speaking in the trade debate, the member for one of Canada's car-building centres said a Canadian four-door sedan in the low-price field costs about \$400 more than a similar American model. Factory list price for the Canadian car is \$1,835, for the American \$1,435. For this car, a Canadian pays \$145 in sales tax and \$247 in excise tax, making a total of \$1,987. The American pays no sales tax and \$134 in excise tax, a total of \$1,743.

Coronation Issue

ST. ALBERT GAZETTE

Tuesday, June 2 is the big day, and to commemorate the Coronation of H. M. Queen Elizabeth, the publishers are preparing a special issue of the paper. It will have an eight page section in color that readers can keep as a souvenir of the event.

In addition, we plan a local section with special advertising messages and complete reports on how the Coronation will be celebrated in this district.

All material for this special issue should be in our hands not later than Saturday, May 23. Local editors and reporters are asked to write a full, special report on how the holiday will be observed in their district.

Pipeline Patrol

To ensure that Alberta's 1,100 miles of gas transmission pipelines operate at peak efficiency, your gas company employs a crew of linewalkers, as they are known in the industry. Their job is to patrol the line on foot, following a carefully designed schedule. A linewalker averages 12 miles a day, using snowshoes or skis in winter. He never hurries, and examines closely all above ground portions of the pipeline system. Where the line crosses a river, he looks for changes in the river bed and erosion of the banks. Leaks in underground pipeline are rare, but should they happen, the highly trained inspector detects them from such clues as discolored vegetation or swarms of flies.

If the linewalker spots trouble it gets immediate attention. Your gas company's "pipeline patrol" is backed by a network of radio transmission stations, with emergency crews at strategic locations. In the past ten years the cost of maintaining, equipping and expanding this vast pipeline maintenance service has risen steadily (yet your gas bill is the same today as in 1939). Natural gas is truly your biggest household bargain!
